TOWN SURVEYS — REPORT NO. 6

Selectmen of Jaffrey, N. H.
Gentlemen:

The following is the sixth progress report on Town Surveys. After a lapse of seven years, the sum of $200.00 was appropriated for the survey of Town Roads with the following results:

Main Street was surveyed from the Catholic Church westerly to South Hill Road in the Center, Old Jaffrey Road from Main Street at the Center to North Street and North Street to the residence of Hiram Cutter, connecting with previous surveys. Highland Avenue was completed and Gilmore Pond Road from Highland Avenue to River Street. This made two complete circuits and the traverses were adjusted and most of the survey plotted on the regular sheets, there now being thirty-five cloth mounted sheets in the set.

Line and grade stakes were given for the improvement of the grounds at the new Union School, including drains, sidewalks, drives and grassed areas.

Surveys were made for the sewer in Jaffrey Center and line and grade stakes were given during construction.

Line and grade stakes were set for sidewalk relocation on Main Street for the new bridge in East Jaffrey Village.

The center line was established for Gilmore Pond Road from River Street westerly to Highland Avenue.

Respectfully submitted,
ARTHUR S. BUSS,
Surveyor.

January 31, 1940.

TOWN SURVEYS — REPORT NO. 7

Selectmen of Jaffrey, N. H.
Gentlemen:

Following is the seventh progress report on Town Surveys. With an appropriation of $200.00, at the last annual Town Meeting, for the survey of town roads the following was accomplished:

Academy Street was surveyed from Main Street to connect with a property survey and a part of Gilson Road to connect other property surveys so that now a continuous surveyed line extends along the roads from the Sharon–Rindge–Jaffrey Line Post over Squantum Road, Main Street, Academy Street, Gilson Road and Dublin Road to the Jaffrey–Dublin Line Post on the westerly side of Thorndike Pond. The southeast and northwest ends of this traverse have not been plotted on the town sheets because the two ends have not been tied in with other road traverses to make a closed survey. A part of South Hill Road and all of Sawtelle Road were surveyed, making a closed traverse with Main Street which was surveyed last year. Prospect Street was surveyed and the traverse extended to the Old Jaffrey Road for a closed survey. Measurements of buildings were made on Oak, Pine, Grove and Brook Streets and K K Road to complete plans of previous surveys.

Six new streets (on cloth mounted paper) were started making a total of forty-one in the set to date. Property surveys are tied in to the town surveys whenever possible.

In addition to the town survey, line and grade stakes were given for the construction of the sewer in the Center and on Main Street and Bradley Court. Line and grade were given for the resurfacing of Prospect, Aetna, Pine and Wheeler Streets and Stearns Road.

Respectfully submitted,

ARTHUR S. BUSS,

Surveyor.

January 31, 1941.

Be It Resolved, That we, the voters of Jaffrey in town meeting assembled this twelfth day of March, 1940 hereby approve the principle established by the Blackwater River dam for control by dams on tributaries rather than by dams on the main River near its mouth; and request an extension of that principle by construction of similar works on the upper tributaries of the Contoocook, thereby giving protection to the entire Contoocook Valley; and be it further

Resolved, That copies of these resolutions be transmitted by the Town Clerk to the Secretary of War, the Secretary of Agriculture, United States Senators H. Styles Bridges and Charles W. Tobey, United States Representative Foster Stearns and Governor Francis P. Murphy.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Jaffrey School Board:

I submit this, my twenty-third annual report as Superintendent of Schools, it being the thirty-second in the series under union supervision. With this report is also submitted the report of Conant High School by Headmaster Ernest B. Dana, and the report of Mrs. Helen L. Towne, school nurse.

The faculty changes in the high school have been mentioned in the headmaster's report.

In the grade school Miss Margherita Vanni, Miss Helena Brown, and Miss Betsy Kimball resigned at the close of the school year in June. The fifth grade position was filled by the election of Miss Dorothy H. Conway of Holden, Mass., Miss Annie C. Costello as Principal took charge of the fourth grade, and Miss Alice E. Fiske of Dublin was elected teacher of the second grade.

During the summer vacation Mr. Donald Chamberlin was transferred to the Junior High grades, and his room was placed in charge of Miss Rita J. McKearin of Fitchburg, Mass.

Miss Conway and Miss Fiske are graduates of Keene Teachers' College and Miss McKearin a graduate of Emmanuel College, 1939, with the degree of Ed. M. for graduate work at Fitchburg Teachers' College, 1940.

The enrollment for the present school year is 573. For the same period last year it was 561, and for the entire school year it was 582.

Four years ago, when the construction of the new grade school building was under consideration we tabulated the estimated enrollment for the next six years. The increased enrollment over this period as predicted might have been questioned as showing too large an expected increase.

The estimates and actual enrollment for four years were as follows:

	Actual Enrollment				Estimated in 1937			
	HS. Enr.	Jr. H.	Gr. 1–6	Total	H.S.	Jr. H.	Gr. 1–6	Total
1937–38	107	114	327	548				
1938–39	133	124	330	587	113	111	334	558
1939–40	143	114	325	582	127	100	342	569
1940–41	152	108	313	573	132	107	344	583

The increased enrollment for 1938–39 over expectations was due in part to the families locating in town during the period of the extra work following the hurricane of 1938.

The figures for the period noted show a larger enrollment for the high school and junior high grades, and a slight reduction in the first six grades.

The organization and work of the grade school has received special attention during the present year, and the results up to the close of the half year have been encouraging.

Achievement tests are given in all the grades above the first, and the results carefully compared with those of other schools having similar grades. The median for grades four, five, and six showed the Jaffrey schools one point higher than the next highest school tested at the same time. These figures merely show how closely the median and average ranks correspond in similar schools with large grades.

The high school activities have been set forth in detail in the headmaster's report. The work in both the senior and junior high school has been very commendable. Although two changes have occurred in the teaching force since the school year began we were fortunate in securing excellent teachers to fill the vacancies.

The installation of the Industrial Arts department asked for last year has been of great benefit to the boys of both the junior and senior high school. We were fortunate in securing the necessary equipment before increased prices and delay in delivery of shop material occurred.

Each spring all our teachers attend the County Institute at Keene, which is conducted by the State Board of Education. In October our teachers attended one day of the session of the State Teachers' Association at Rochester, and on the evening of November 19th they met with the other teachers of the Peterborough-Jaffrey Union at Shattuck Inn where over sixty teachers and guests enjoyed a musical and literary program. The speaker, Principal Clarence P. Quimby of Cushing Academy gave a most interesting and helpful address.

Two special appropriations are being asked for this year, one to install foot lights in Union Hall, the other to maintain adult classes during a part of the coming year. For some years we have secured federal aid for the adult classes, but this aid has been withdrawn. We are therefore, asking that those who have profited by these classes may have them continued at local expense.

In closing I wish to express my thanks and appreciation for the loyal support of our teachers, pupils, school officials and all interested citizens.

Very truly yours,
LEWIS S. RECORD,
Superintendent of Schools.

Activities from February 1940 to February 1941

DRAMATICS: On April 12 the Class of 1941 presented its first public play, "The Tin Hero" in Union Hall. The excellent presentation of this three act comedy showed that much time and work had been put into it by the coach, Miss Elinor Connor, and by the members of the cast. The action was rapid moving, and the many unusual and comical situations which arose as the plot developed brought from the audience many hearty laughs.

As seniors, the same class presented its second play on Nov. 22, in Union Hall. Under the direction of the coach Miss Marjorie Boothby, the three act comedy, "Her Step Husband," furnished a full evening's entertainment, packed full of interest, enjoyment and humor for all who attended. The action, speeches, and stage furnishings were indicative of a great deal of preparation and rehearsing by both the coach and the boys and girls who took part.

WASHINGTON TRIP: Twenty-six of the twenty-nine members in the Senior Class with Miss Elinor Connor, Mr. Gerald S. Cournoyer, and Mr. Ernest B. Dana as chaperones spent the April vacation in the cities of Washington and New York. The Baltimore and Ohio Travel Agency again conducted the trip. Between the time of the arrival of the class in Washington on Saturday afternoon to the time of departure on Tuesday afternoon just as many as possible of the points of national interest in or near the Nation's Capitol were visited. The high light of the stay in Washington was in having Senator Charles W. Tobey personally conduct the class through the Capitol.

In New York, also, practically every moment was taken up with visits to points of interest and with sight-seeing trips. The boat ride between Boston and New York, and a short sight-seeing trip in Philadelphia, on the way down to Washington supplemented an eight-day tour which furnished a variety of experiences in sight-seeing and travel for every member of the group.

ATHLETICS: Conant High School Athletic Department appreciates in no small way the interest and support which the merchants and the townspeople have given to it. With this help it has been possible to keep the teams well equipped, and to see that everything possible is done for the health and physical welfare of the boys and girls who participate in athletics. This support of the community added to the furnishing of a first class gymnasium and competent and enthusiastic instruction have resulted in the development and maintenance of this important part of the school's program upon a high plane.

The basketball season of 1939–1940 closed with two memorable events for Conant. The first of these was the winning of the championship and trophy by the boys at the Townsend Tournament held at Townsend, Massachusetts, and the second, the Testimonial Banquet for both the girls' and the boys' teams which was made possible by the generosity of many townspeople.

Although this season the players are younger and less experienced, by virtue of much hard work and determination there has been a rapid and steady improvement which has resulted in the development of two strong teams in a relatively short time.

In baseball with a late spring and several positions to be filled because of graduation, it was necessary to build practically a new team. However, several closely contested games interspersed with victories indicated that the players were furnishing stiff opposition and were improving as the season advanced.

Inasmuch as the players in both basketball and baseball are for the most part in the first three classes in high school, there should be a sufficient amount of experienced material to build up strong teams for another year.

A beginning has been made, also, in Winter Sports. The ski and skating teams turned in some excellent performances at the Wilton High School Carnival, and now with an experienced coach and increased interest of the student body, participation in more events and meets is looked forward to next year.

MUSIC: This department of our school has had a very successful year. In spite of having a music supervisor but one-half day each week, it has been possible to prepare and present concerts at functions held both in and out of town in addition to the carrying on of the regular instruction. In May for the first time a Conant High School Glee Club took part in the Annual State Music Festival which was held in Laconia. Six of these pupils represented the school in the All State Chorus. The same group also presented a concert at a Parent-Teacher Meeting in Keene in February, and took part in the Graduation Exercises in June.

The Junior High School Glee Club sang at an operetta held in Troy in the early spring, and at the Junior High School Prize Speaking Contest in the fall. The choruses from both the Senior and the Junior High Schools furnished important parts in the graduation exercises of their respective schools.

MISCELLANEOUS: The May Ball on May 17, and the Senior Reception on June 18, which were held by the Juniors were well attended and thoroughly enjoyed by all. These two gala events provide a fitting climax to the social life of the student body as the school year draws to a close.

The Junior High School's third annual field day, which was held at Lake Contoocook and Humiston Park, was greatly enjoyed by the boys and girls. Games, swimming, and refreshments provided an all inclusive program.

This year's Junior Class held its first school dance, the Hallowe'en Ball on October 18. Like the other school dances, it plays a real part in the social life of the school and in bringing the school and the community together for a good time.

At the Junior High School Prize Speaking Contest, on December 12, Arline Young won first prize, David Tilton second prize, and Leone Tilford, third prize.

No Amos Fortune Prize Speaking Contest took place during the year of 1940 as the contest for the school year 1940-41 is being held in March instead of in December. The English teacher and contestants are preparing for the events at the present time.

CONCLUSION: Although installed for but a half year the new Industrial Arts Department is adequately equipped and well organized for the teaching of Woodworking. It is now possible to offer subjects to the boys comparable to those offered to the girls in the Home Economics Department. For the present year, every boy enrolled in the junior high school has four periods of shop, and a Woodworking Course is offered as an elective to boys in the senior high school who are taking the General Course. During the school year 1941-42 a Cabinet Making Course will be offered in the senior high school.

In the Home Economics Department sewing machines and a refrigerator have been added to the equipment, and the electric range has been replaced by one of the most modern type by the Derry Electric Company. It has been possible again to meet the requirements of the George-Deen Act in the instruction in this department which means assurance of the continued reimbursement from the Federal Government for about one-third of the salary of the teacher.

In looking toward the future in respect to the steadily increasing enrollment in the senior high school and the much larger classes which are resulting in certain subjects, the question of accommodation from both the standpoint of room and of teachers becomes more and more a pressing and ever present problem. A comparison of the number of pupils in the two upper grades in the high school with the two grades in the junior high school

indicates that the enrollment will increase in the neighborhood of about 25 pupils each year for the next two years. As this does not include tuition pupils it would seem that the enrollment will be near 170 next year and 200 the following year. Add to these figures the fact that the present 5th and 6th grades contain approximately 50 pupils in each grade the increased enrollment seems likely to last for some time.

Respectfully submitted,
ERNEST B. DANA
Headmaster.
